PAINTING THE GLOW 4 DAY WORKSHOP WITH MIA BERGERON 2023

Materials list:

Recommended Oil Paints: (Please do not re-buy a ton of paints. I find most people have plenty of colors,

and we can work with what you have. As a general idea, my palette is a warm and a cool of most colors.

Any brand is fine, but I will put the brand I use next to colors that are more specific.

Paints with * are optional)

Alkyd Titanium White (Graham)

Cadmium Yellow Lemon (hues are fine)

Indian yellow

Cadmium Orange (hues are fine) *

Cadmium red Light (hues are fine)

Permanent Alizarin crimson

Luminous Opera (Holbein Aqua duo. You can also look for a fluorescent pink in a cheaper brand)*

Violet gray (Georgian)*

Raw Sienna (or yellow ochre)

Transparent Oxide Red

Sap green*

Permanent green light*

Viridian

Manganese Blue (or Cerulean)

Ultramarine Blue

Ivory Black

Pthalo Turquoise *

-Gray Acrylic for priming

Medium:

Some kind of Alkyd or drying medium. I use Galkyd Gel by Gamblin, but Liquin or Walnut alkyd oil are

fine too.

Brushes:

Just a variety of shapes and sizes. I recommend Rosemary Eclipse brushes available at Townsend Atelier.

Please also have a few rough bristle brushes

Supports:

Two (2) 12"x16" panels. I recommend using Ampersand Museum series gesso boards. They come flat or

cradled. PLEASE PRIME YOUR PANELS WITH ACRYLIC A MEDIUM NEUTRAL/WARM GRAY BEFORE THE

WORKSHOP.

Palette Knife: Any metal knife that is flexible. I use an RGM brand knife #80.

Other tools: Feel free to use a scraper, a squeegee, a soft brayer, old credit cards, etc

Palette: Any kind is fine, as long as it isn't white. I prefer glass or wooden palettes, or those gray disposable kinds. Aim for a palette that is bigger than 11"x14" overall

Silicoil or brush washer

Gamsol

Hand held mirror

Sketchpad for notes and doodles

Plastic wrap or some kind of sealed container for leftover paints that can be stored in your freezer.
